

Mirage Quattro™

FULL FACE MASK

FOURTH GENERATION TECHNOLOGY

Wide fit range: fourth generation full face mask from ResMed fits more than 95% of users.*

Mirage™ dual-wall cushion with spring air technology: unique cushion accommodates movement during sleep and provides an effective solution for jaw drop.

MicroFit dial: new forehead support adjustment offers personalized fitting and comfort.

Light, quiet and easy to use: these benefits are optimized with streamlined mask design, improved vent design and a range of user-friendly features.
